ONTARIO SOCCER

Our experience with O'Neills Sportswear has been tremendous, from starting the partnership early in 2024. Our satisfaction with the O'Neills partnership has been very strong, from the interactions with them being innovators, really changing the game for us with their quick ordering timelines, their customised uniform and apparel solutions. It's really been an eye-opener and a breath of fresh air compared to what we usually have to put up within the apparel industry. HOW WORKING WITH O'NEILLS IS DIFFERENT

TOTAL MANUFACTURING CONTROL

We manufacture our products using
**OUR OWN FABRICS IN
OUR OWN FACTORIES**

PRODUCT CONTINUITY

We can manufacture
the same jerseys and
apparel year after year.

SAVE MONEY & REDUCE KIT WASTE

No need to change your kits and apparel every season for the latest designs from distributors. Top-up as needed with current designs. Our policy of little-and-often make us the most flexible supplier in the business.

RAPID LEAD TIMES & SECURE MANUFACTURING SUPPLY

GET YOUR UNIFORMS & APPAREL FAST AND ON TIME

The days of ordering 6+ months in advance are over. Lead time for jerseys is 4-5 weeks. See Delivery & Lead Times section for more details. No need to worry about "global supply chain issues", we make our products in-house in Ireland.

EXCEPTIONAL CUSTOMER SERVICE

WE KNOW WHERE YOUR ORDER IS

Your tireless & dedicated account manager sees everything that happens in our factories and knows where your order is at all times. You are always informed.

WE ARE FLEXIBLE TO MEET YOUR DEMANDS

Meet tight turnarounds for events, make unique products for your club, and offer two online store solutions, are just some of the things we do to go above and beyond for our customers.

TOP TIP

For house leagues, pick a jersey design and choose not to have numbers so players can use the same jersey season after season. We can always make the exact same jersey for new players or players who need a new size.

HOW WORKING WITH O'NEILLS IS DIFFERENT

FULLY PRINTED JERSEYS (Sublimation)

We are the experts in fully printed garments.
**ALL OUR JERSEYS ARE ELITE
QUALITY FULLY PRINTED JERSEYS.**

Every design detail is printed into the fabric of the jersey via a process called sublimation.

Printed sublimation gives us
COMPLETE FREEDOM OF DESIGN
with unrivalled sharpness and clarity.

QUALITY THAT LASTS YEARS

Our jerseys are made to last years and years. The design will never fade, and with no screen printing the days of logos and numbers peeling and falling off are over.

ALL LOGOS, NUMBERS, AND DESIGNS INCLUDED IN THE PRICE

With a fully printed jersey you can have as many logos as you want without worrying about the extra costs.

TOP TIP

For house leagues, get our recreational jersey and choose from dozens of existing and popular designs. For competitive teams, get our competitive match jerseys and our in-house designers will create a completely unique look for your teams.

DID YOU KNOW?

WE SUPPLY OVER 7,000 CLUBS, SCHOOLS, AND UNIVERSITIES IN OVER 100 COUNTRIES. With our manufacturing and distribution centralized in Ireland, we send our products to anywhere in the world with exceptional speed using couriered air freight.

OUR PRODUCTION FACILITIES COMBINE TO GIVE US OVER 500,000+ SQ. FT. OF FACTORY SPACE, MAKING US ONE OF THE BIGGEST SPORTSWEAR MANUFACTURERS IN EUROPE. With most of the world's textiles manufacturing outsourced to Asia, O'Neills is the living proof that sportswear manufacturing can be successful in a higher wage economy when done properly with passion and expertise.

Each jersey manufactured using REPVE® fabric technology equates to **17-27 recycled plastic bottles**, depending on the size of the garment. Garments can be made using up to **100% recycled yarn**.

All REPVE® fabrics made by O’Neills are independently tested as part of the UTRUST verification program which is a comprehensive certification program designed to provide customers using REPVE® with the highest level of transparency.

As part of this process our REPVE® fabrics contains **FiberPrint®**, a proprietary tracer technology used to analyze and validate REPVE® fiber content claims and composition.

Each garment manufactured using REPVE® fabric technology receives an official swing tag which guarantees a quality garment made from recycled plastic bottles. At O’Neills we continually work on developing new fabrics and production techniques with the aim of **reducing waste and our impact on the environment**.
